Subject: CSA and UL certification update

Dear Brady Customer,

Brady wants to inform you that different Brady materials will no longer have the CSA or UL certification.

CSA

- Brady Dot Matrix materials B-607 & B-619
- Brady Laser Printable materials B-707, B-747 & B-773
- Brady THT materials:
 - B-8425: potential CSA alternative is B-425
 - B-422: potential CSA alternative is B-423 or B-483
 - B-969: potential CSA alternative is B-428
 - B-432: potential CSA alternative is B-430
 - B-435: potential CSA alternative is B-434
 - B-459: potential CSA alternative is B-489
 - B-488: potential CSA alternative is B-489

UL

- Brady THT materials B-917

If your process or application requires a CSA or UL certified material, we advise to use the above mentioned alternatives or consult our TDS on our website.

This update is scheduled to take place in the upcoming months.

We are committed to a successful transition, while providing you the best possible products. Should you have any further questions, please contact your supplier of Brady materials.

Thank you for your understanding and continued support of Brady.

Sincerely yours,

David Verloes
