**Increase plant safety & efficiency**

**Biomass energy plant identification guidebook**

# Intro

Speed up maintenance in a safe and efficient way to maximise power generation and supply. Brady Corporation offers a wide range of reliable identification and safety tools to support highly efficient maintenance professionals complete fast machine interventions in a safe way.

This guide offers a high-level overview of the identification and safety solutions Brady offers to customers in biomass energy. We are looking forward to building a strong relationship with you too.

# CONTENTS

- 4** Lockout/Tagout
- 5** Custom shadowboards
- 6** Signs
- 7** Floor marking
- 8** Pipe marking
- 9** Visual tagging
- 10** Spill control
- 11** Cable tags
- 12** Cable sleeves
- 13** RFID temperature sensing labels
- 14** Design your own labels, tags and signs
- 15** Print your own labels, tags and signs

# Lockout/Tagout

Safer machine interventions

- easily neutralise energy
- increase maintenance safety
- get excellent safety procedures as a service

Easily manage, update and communicate procedures with LINK360!

# Custom shadowboards

Make safety highly visible

- make tools available where they are needed
- fully customise to serve your needs
- available in reliable materials

Vital information where it matters

Vital information where it matters

# Floor marking

Increase facility efficiency

**PALLET TRUCK  
PLEASE RETURN**

- easily separate human & motorised traffic
- create storage, caution and keep clear areas
- visually organise facility operations

**Easily draw a straight line to  
increase efficiency!**

# Pipe marking

Facilitate pipe maintenance

- clearly communicate hidden safety risks
- immediately share flow direction, source & destination
- available in various standards, including ISO 20560

Can be mounted or applied directly on pipes!

# Visual tagging

Prevent accidents with uninspected tools

- easily communicate tool safety status
- quickly share the next inspection date
- wide range to fit any tool

Automate inspection planning & reporting with SafeTrak!

# Spill control

Prevent slips & falls

- easily combat or prevent spreading spills
- avoid accidents and compliance conflicts

Also available  
in practical spill  
kits & stations!

# Cable tags

Quickly find outdoor cables

- increase cable maintenance efficiency
- 10 year outdoor reliability
- remains legible and stays attached

Available in many colours and materials!

# Cable sleeves

Find the right cable fast

- increase cable maintenance efficiency
- resists oil, heat and tough industrial conditions
- remains legible, and stays attached

# RFID temperature sensing labels

Easily check component temperatures

- get a fast temperature reading
- sticks to almost any surface
- can be linked to monitoring systems

# Design your own labels, tags & signs

Select the apps you need

- design any label with Brady Workstation
- automate label data
- add logos, barcodes, symbols & serial numbers

**Get a 30-day  
free trial!**

# Print your own labels, tags & signs

Increase labelling flexibility

- easy to use
- batch print, serialise, barcode
- auto-recognise label materials

Get a free demo at your premises!
